Powering the European Marine Data Ecosystem

For a digital and green future

EMODnet OPEN CONFERENCE 2023

EMODnet
European Marine Observation and Data Network

Session 1: EMODnet: a unified public marine data service

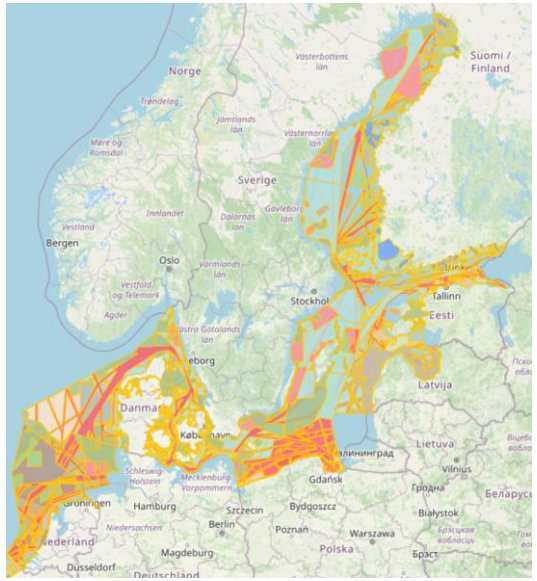
EMODnet Human Activities

Alessandro Pititto, Cogea (Bip Group)

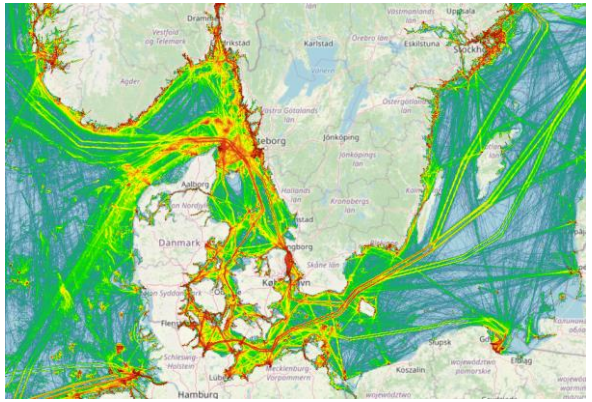
EMODnet Human Activities

Latest offer and key achievements

MSP



Vessel density



Protected areas

Our data offer
Aggregate extraction
Algae production
Aquaculture
Cables
Cultural Heritage
Desalination
Dredging
Renewable energy
Environment (Protected areas and state of bathing waters)
Fisheries
Port traffic
Maritime Spatial Planning
Military Areas
Oil and gas
Pipelines
Vessel density (incl. route density)
Waste disposal

EMODnet Human Activities

User community

30% of users from offshore industry

NGA NATIONAL GEOSPATIAL-INTELLIGENCE AGENCY

GLOBAL MARITIME TRAFFIC

Future evolution: content, services, partnerships

Continue ingesting Maritime Spatial Plans

Expand fishery-related data offer

Add coastal tourism as a data theme
